MOVAWALL

Type GG Plus

Type GG system offers the clearest possible unbroken vision in a sliding partition, ideal for situations where space needs to be divided into inviting, viewable rooms, such as shop fronts, showrooms, waiting areas, church halls and other areas that do not necessarily require sound reduction properties.

Overview

The GG Plus is a framed glass partition with the added benefit of a narrow vertical magnetic frame. The all glass top hung individual panels can be moved manually without the need for floor tracks. All panels are locked to each other and/or the floor offering security and stability.

- Non-acoustic, frameless glass
- Top and bottom rails
- Optional vertical trims
- Glass sliding partition system
